

Become a part of Central Pennsylvania's leading land development Civil Engineering firm. PennTerra Engineering, a well-established, team oriented, employee owned firm has an opportunity for entry level and experienced designers for land development projects.

The position requires the ability to work with engineers on drafting residential and commercial land development projects including, but not limited to, lots, roads, parking areas, sanitary sewer and water systems, stormwater management facilities and soil erosion control measures utilizing AutoCAD Civil 3D.

Applicants should have experience using AutoCad Civil 3D and enjoy working in a team environment.

Successful Applicants will join a team that:

- Values Employee's contributions
- Encourages continuing education
- Encourages growth and advancement
- Works together to create successful projects

Benefits of Working at PennTerra include:

- Paid Vacation
- Employee owned firm
- 401K Plan
- Health Insurance
- Flexible work hours
- Yearly bonuses
- Education reimbursement
